Date: June 14, 1995

Subject: Release of Surety Bond No. 610 175299 5

To: Regional Forester, R-4

On May 10 we received notification from the State of Utah, Division of Oil, Gas and Mining that Ash Grove Cement Company has posted with the State a replacement bond for Surety Bond No. _____, which was issued March 16, 1990, by Westchester Fire Insurance Company of Dallas, Texas in the amount of \$386,000.00.

Bond _____ was held jointly by the State (DOGM) and the Forest Service; however, the State has consented to terminate the period of liability as they (DOGM) are now holding the replacement bond, and we concur.

Since this bond was approved by the Regional Forester, we request that your office terminate the period of liability.

We have enclosed a copy of Bond No. _____, the Joint Agreement with the State, and also a letter from the State for your information.

If you have any questions concerning this termination, please feel free to contact Lynn Findlay at (801) 896-9233.
